

2. Setting voltage at C

G.Karishni
CB.EN.U4ECE19116

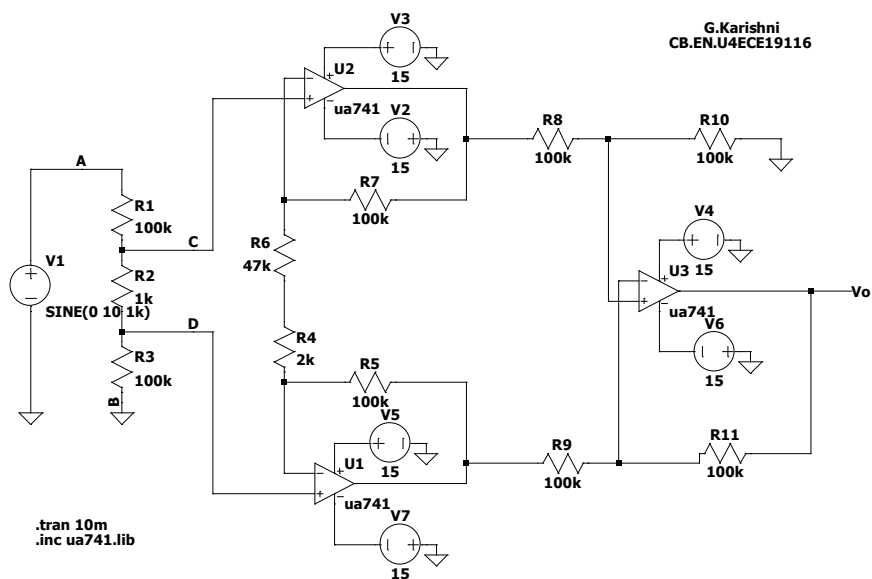

Voltage at C = 5V

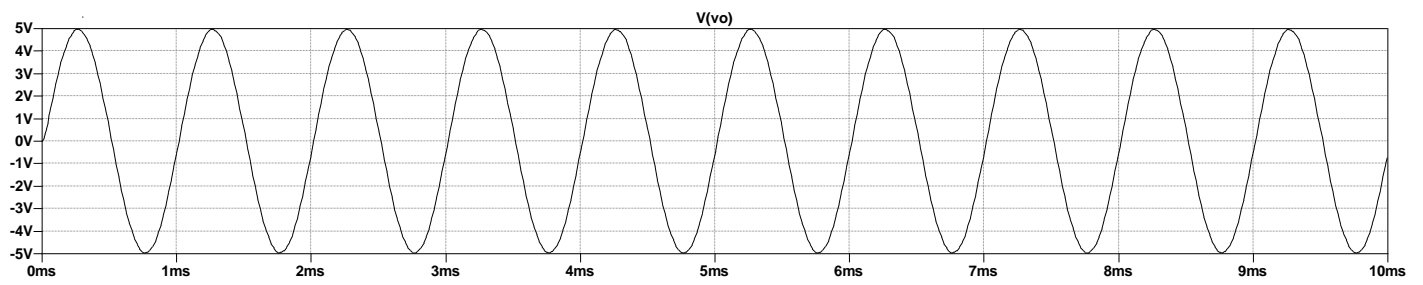

3. Differential mode (potentiometer at minimum value – maximum gain)

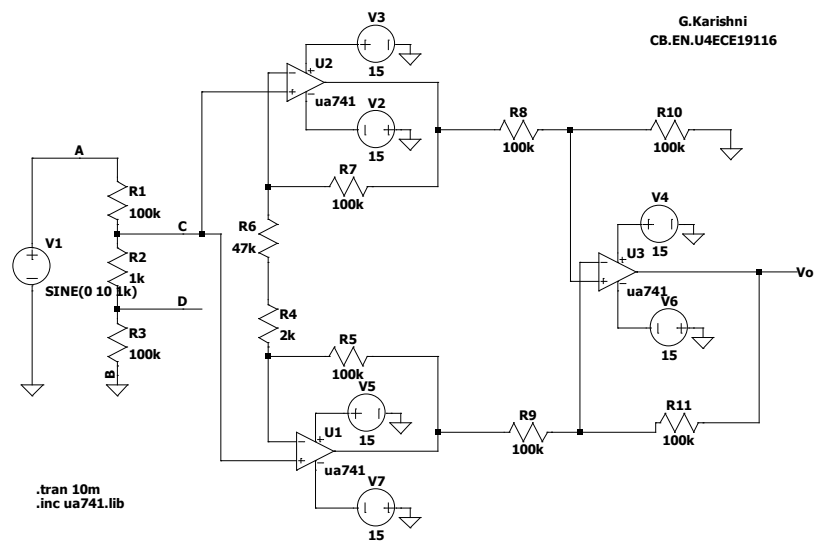

G.Karishni
CB.EN.U4ECE19116

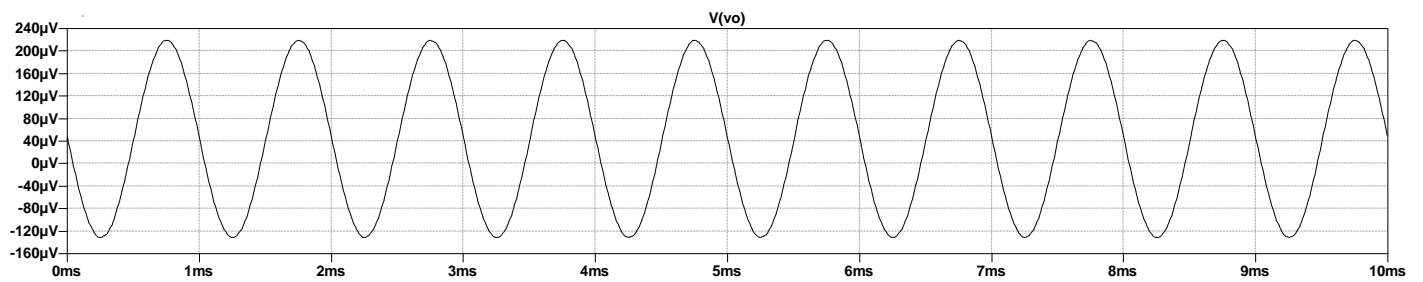

Output voltage (Pin 6 of U3)

4. Common mode

Output voltage (Pin 6 of U3)

6. Differential mode (potentiometer at maximum value 47k – minimum gain)
